What is BRSR Core? And Why It Matters for Indian Businesses.

BRSR Core is mandatory for India's top 1,000 listed companies — **and it directly affects the MSMEs in their supply chain.**

BRSR Core = India's Mandatory ESG Metrics

BRSR Core is a new ESG reporting standard defined by SEBI

It includes 9 essential ESG indicators that Indian companies must report transparently.

Key areas:

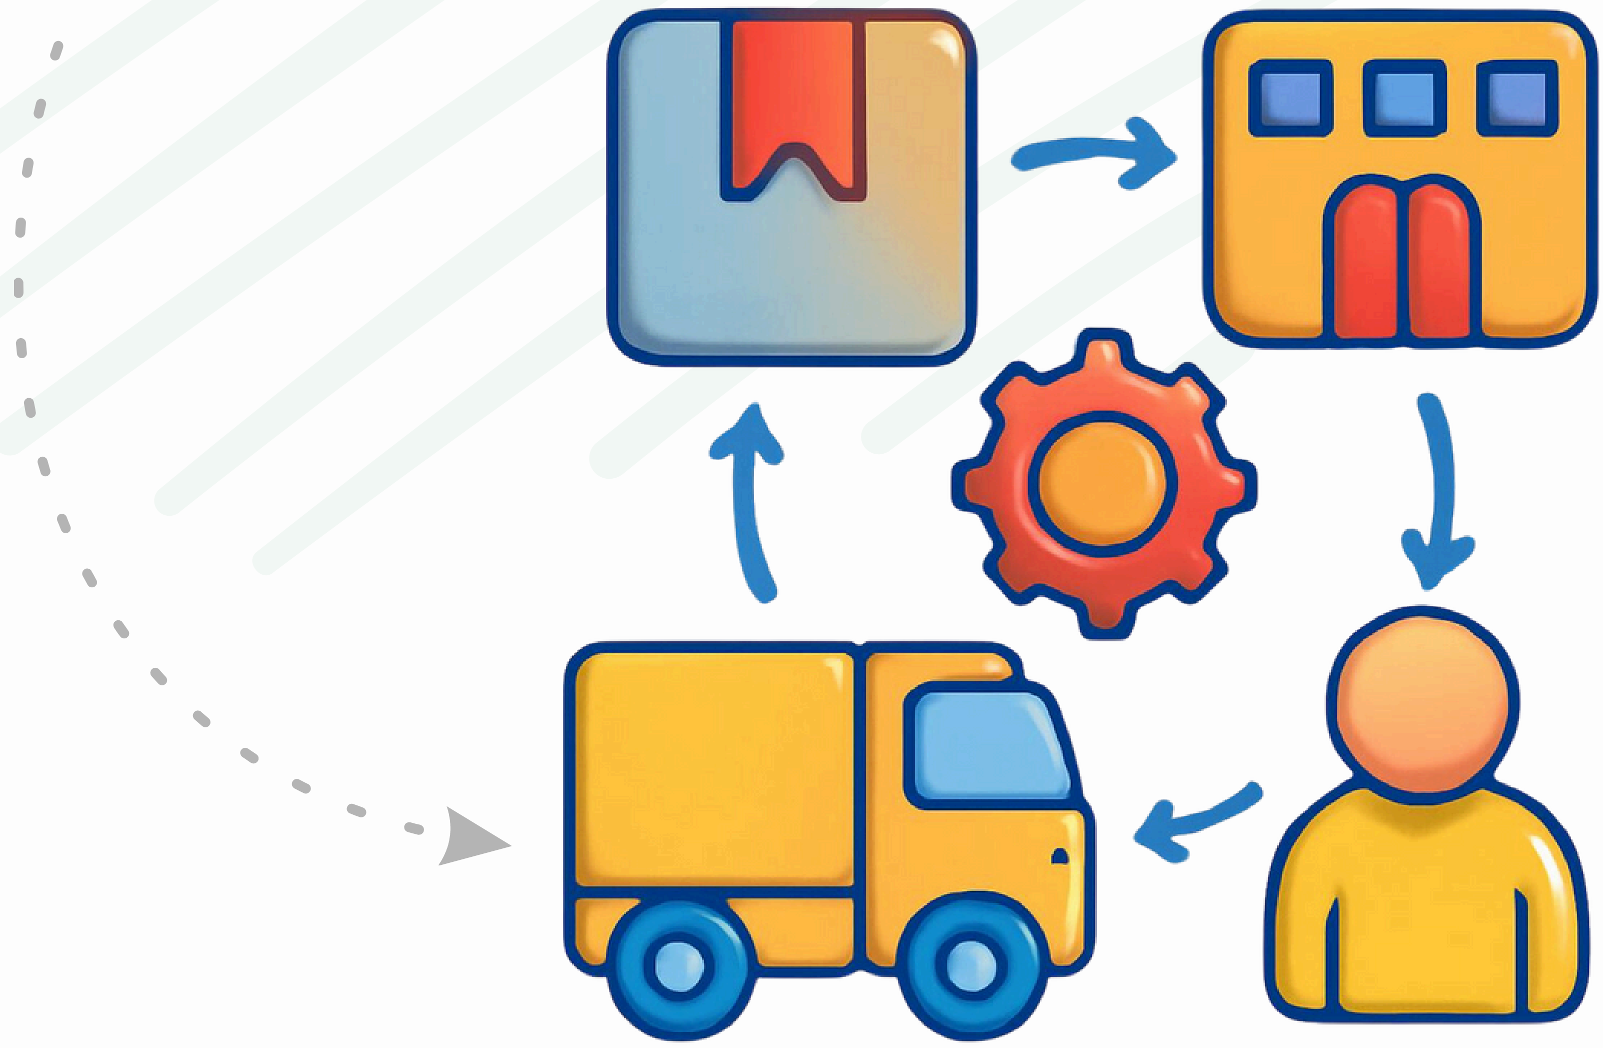
- Emissions & energy
- Waste & water
- Workforce welfare
- Occupational safety
- Supply-chain responsibility

Why India Needed BRSR Core

- To stop greenwashing
- To make ESG data verified & accurate
- To increase investor and buyer trust
- To standardize sustainability reporting in India
- To bring transparency across supply chains

How BRSR Core Directly Impacts MSMEs

- Large companies must report ESG **data of their suppliers**
- MSMEs without ESG/BRSR data **may lose orders**
- Buyers prefer suppliers **with verifiable sustainability**
- ESG-ready MSMEs get **priority & long-term contracts**



Who Is Already Following ESG/BRSR?
India's Leading Companies

These top listed companies publish detailed ESG & sustainability reports —
and they expect the same transparency from their MSME suppliers
